Whether moving around suburbia or opening up on the highway, the Nissan Livina X-Gear is as energetic as it looks.

Flexible, adventurous, active, and ready to challenge life's next adventure, the versatile Nissan Livina X-Gear is in pace with your dynamic lifestyle.

The Livina X-Gear , offers huge amounts of space for your adventure gear to take on exciting activities demanding state-of-the-art equipment. Whether it be sky diving kits or scuba gear for the deep blue; rope, cords and rock climbing gear for the ups and abseiling equipment for the downs... the Livina X-Gear has the space to take you there.

With its muscular stance, agile handling and interior comfort, the Nissan Livina X-Gear is everything you have been waiting for, and much, much more...

It's what adventure should feel like.

The Nissan Livina X-Gear's sporty looks aren't only pleasing to the eye, but also embrace its clever, adventurous design. The sleek, muscular silhouette and cambered roofline sweep up to the tailgate, giving you larger windows to peer into your world of urban adventure. The expressive design with the wheel arches forced to the outer limits of the body, offer a confident stance and increased handling agility. Inside, more interior space for everything from a kite surfing kit for the beach front or rock climbing gear for chasing awe-inspiring Friday afternoon sunsets. With sleek roof rails, door guards and brave 15" alloy wheels for heart-stopping weekend challenges, and its exciting range of vibrant colours, the Livina X-Gear makes a powerful statement combining contemporary styling, surefooted performance, and space for your gear.

In the cockpit, with your gear safely tucked in the huge luggage space, you'll enjoy responsive acceleration and effortless cruising. The lively 1.6-litre engine produces 80kW of power and 153Nm of torque, combining agility with real economy.

Enjoy the powerful, stable ride from the smooth suspension that minimizes body roll, increases line stability on different road surfaces, and absorbs the added weight of your adventure gear in the back. This, together with the Livina X-Gear's electric power steering and powerful braking performance thanks to ABS, EBD and Brake Assist (available on the Acenta+ model), ensures safe control and secure handling for every challenge.

## SPACE FOR YOUR GEAR

The Livina X-Gear has a spacious, airy interior with plenty of room for you, your friends and all the equipment you may ever need to live out the challenge of urban adventure.

Similar to the individuality of your chosen living space, you immediately feel at home in the Livina X-Gear. An adjustable steering column, electric windows and mirrors and a myriad of comfort features allow you to focus on the challenge of turning everyday experiences into breath-taking adventures.

The 60/40 split rear seats recline and fold flat and out the way to make room for your gear, be it for a day of kite surfing, a rendezvous with friends at the gym, or a weekend soaking up sunshine and fun.

Intelligent functionality. Perfectly in tune with your adventurous needs.

## WITH SAFETY COMES FREEDOM

With advanced active and passive safety systems, the Livina X-Gear challenges you to take to the road with complete peace of mind. Designed from the ground up, the Livina X-Gear's protective safety systems include a strong and rigid safety cell, driver and passenger airbags (available on the Acenta+ model), and 3-point seatbelts.

In emergency situations or extreme braking, ABS brakes will prevent the wheels from locking so you can steer around tight bends or unexpected obstructions. Electronic Brake force Distribution (EBD) regulates front and rear braking pressure for maximum braking efficiency and Brake Assist applies full braking power to reduce stopping distance. (ABS, EBD and BA are only available on the Acenta+ model.)

After a long day of leisure, the Livina X-Gear's powerful halogen headlamps cut through the darkness with a wide arc of strong illumination, while a high mounted stop lamp alerts drivers behind you of your intentions.

The Livina X-Gear takes care of security requirements with the Nissan Anti-Theft System (NATS), including central locking and immobiliser as well as Microdot antitheft technology.

SAFETY SHIELD

In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances. Visit [www.nissan.co.za](http://www.nissan.co.za) to find out more.

The Livina X-GEAR adds a new dimension to compact car driving, bringing in style, utility and all round individuality. Enhance these aspects of the X-GEAR with the peace of mind that comes with fitting quality assured accessories - Nissan Approved Accessories.

### Nissan's commitment to quality

To provide all customers with a consistently high level of quality, Nissan applies the same standards worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements:

First, the expectation of a smooth driving experience with complete peace of mind. Second, the intangible appeal of a vehicle, its power to captivate and excite, with features that captures attention and imagination. Third, the level of attentiveness and service during the sales process, and long after the sale is concluded.

### Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program 2010 aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

For more information on Nissan's safety, quality and environmental philosophies, visit [www.nissan.co.za](http://www.nissan.co.za)
